### 2025 Akita University Faculty of Medicine Syllabus

| Category            | :臨床医学Ⅱ                            |
|---------------------|-----------------------------------|
| <b>Course Title</b> | : (Oncology) - Oncology 臨床腫瘍学概論 - |
| Eligible Students   | : grade 3 Related Course          |
| Code                | : 71633016                        |
| Schedule            | : week 31 ~ week 35               |
| Credits             | : 0.5                             |

#### 1. Lead Instructor

Hiroyuki Shibata (Professor, Clinical Oncology, 6262)

#### 2. Instructors

| Hiroyuki | Shibata | (Professor, Clinical Oncology, 6262)  |
|----------|---------|---|
| Koji     | Fukuda  | (Lecturer, Clinical Oncology, 6263)   |
| Daiki    | Taguchi | (Assistant Professor, Clinical Oncology, 6263)  |
| Naoki    | Matsuo  | (Part-time Lecturer, Sotoasahikawa Clinic)  |
| Tadahisa | Fukui   | (Part-time Lecturer, Department of Clinical Oncology, Yamagata Faculty of Medicine, Yamagata Univer-<br>sity) |

# 3. Course Description Outline(Course Objectives)

Understanding behavior of caregivers, ethical issues, preservation of patient safety, clinical evidence and medical & social systems. Students will obtain knowledge of the underlying mechanisms of carcinogenesis and physical conditions of cancer patients, as well as understand how to nurse and treat cancer patients.  $(1-1,1-2,3-1 \sim 3-7)$ 

Specifically, the following topics will be covered over the course:

- 1. Importance of medical science and ethical issues (1-1)
- 2. Molecular biology of cancer to practice cancer genome-based medicine (3-1,3-2)
- 3. Cancer immunology and immune-therapy (3-1,3-2)
- 4. Pathways to carcinogenesis (3-1,3-2)
- 5. Symptoms and diagnosis of cancer (3-3)
- 6. End of life care (1-2,3-6)
- 7. Death of a human being (1-2)
- 8. Basic understanding of pharmacology of cancer drugs (3-3,3-7)
- 9. Palliative care of cancer patients (3-3)

# 4. Textbook/Reference Books

Cancer; Principles & Practice of Oncology, 9th edition (Wolters Kluwer/ Lippincott Williams & Wilkins)

# 5. Assessment

Attendance of more than 66% and a short test

#### 6. Out of Class Study/Message

Further study: Read the recommended textbooks; preview and review lectures. Students are encouraged to ask questions, either in person or by email.

|   | Class<br>Date   | Period | Class<br>Format | Topics and Contents of class, Course Objectives   | Instructors         | Class<br>Room        |
